**Makers of the Original
Podroof[®] Roof Kit**

What is a Podroof® Roof Kit?

Our Podroof kits are made with durability and usefulness in mind.

Truly unique and affordable.

- ✓ Specifically designed roof for shipping containers
- ✓ Pre-engineered
- ✓ Weather-protected steel parts
- ✓ Kits come ready to assemble
- ✓ Permanent or temporary, portable shelter
- ✓ All standard kits are 20 feet in length
- ✓ Made in the USA
- ✓ Backed by a 20 year warranty

What does a Podroof® Roof Kit have to offer?

- ✓ Designed for quick and easy construction
- ✓ Standard kits provide 20 or 40 feet of covered space between containers
- ✓ Kits can be combined end-to-end for longer lengths
- ✓ Can be disassembled, transported and re-assembled
- ✓ Roof attaches to container pin points for secure attachment
- ✓ Wind and snow load ratings vary per kit design
- ✓ Optional gutters and paint colors
- ✓ Lead-time is approximately three weeks
- ✓ Set-up and containers are not included

What are Podroof® Roof Kits used for?

Storage for vehicles, boats, & Warehouse Storage equipment

Work stations

Roof Cover for extended Warehouse Storage

General Shelter for People & Livestock
